

# The WACOM Ham

June 2007

Hello. This is a beginning effort. We need some form of a newsletter to communicate to our members what it is we're doing. To exchange information. To let everyone know what meetings, contests, special events, plans, and problems we are encountering. And too, to let other hams know who we are and where we are and to invite them into our community.

I will try not to duplicate much of the information that our Webmaster Joe, N3XE has posted on our site. Check out [www.wacomarc.org](http://www.wacomarc.org) to download a membership application or to get a copy of the script for the nets.

Send feedback on what you would like to see in this newsletter to [n3zel@arrl.net](mailto:n3zel@arrl.net) and I'll do all I can to incorporate your suggestions.

Please! If anyone would like to write an article, do so! Tell us about your shack or your antenna or some interesting DX or contact you've made. Tell us about a radio that you love or hate and why. Ask questions.

Joe, WA3WMB, has volunteered to write a column: **"Ask The Tech"** so please email him at [j\\_furjanic@verizon.net](mailto:j_furjanic@verizon.net) with your questions. Never hesitate to ask about this hobby, there is probably someone who has the same question but hasn't mentioned it.

## THE WALK FOR ALEX

Once again we will be providing communications during the Walk for Alex on **Saturday, June 2<sup>nd</sup> in Bentleyville.** Please come and lend a hand, it's a great way to gain experience and help out a good cause. Call Dave N3IDH at 724-228-8178 to volunteer and be at the Bentleyville Fire Hall at 7:00 A.M. for your assignment. All are welcome. And Many Thanks !!!

HAMS AT "WALK FOR ALEX" 2006

**FIELD DAY!!!**

Field Day is just a few weeks away now, time is flying. We are planning to have four stations on the air, as well as a GOTA station. Bill, KB3LIX, is coordinating the antenna set-up, and I'm sure he can use all the help he can get. Lend a hand and at the same time learn a *great deal* about antennas. Jim, KC3HW, will be our GOTA station control. This will be a nice chance for new or lately inactive hams to get on the air. Jim is a patient and thorough teacher and you'll have a fine time. Joe, WA3WMB, is coordinating the food and acting as our chef this year. Please sign up at the June meeting and let him know what you plan to bring to share. Let's face it, hams operate via their stomachs, and we *always* eat well.

~~~~~

**Bill, KB3LIX**, ran a Special Event Station, **N3P**, during Pike Days to commemorate Rt. 40, the National Road. Hopefully Bill will be making this an annual event.

~~~~~

**DAYTON.** A number of WACOM's members made it to Dayton, and I've heard nothing bad so far. The weather was great -- prompting several people to comment that they wondered if we were in the right place -- there was a lot to look at, there were plenty of people to meet. It is always interesting to see a call sign go by that you've worked and now get to meet the person for an "eyeball qso". Some of us crossed paths and some of us did not, so bring your Dayton stories to the June meeting, tell us who you met and what new toys you got -- radio? mike? software?

~~~~~

**BOARD OF DIRECTORS MEETING**

**OUR NEXT MEETING WILL BE ON THURSDAY, MAY 31<sup>ST</sup> AT THE WASHINGTON COUNTY BUILDING, ROOM 103, 7:30 PM.**

Come discuss plans for Field Day (see below) The Walk for Alex, and our new fund-raiser—selling candy bars.

~~~~~

**Special Event Stations**

**Jun 2-Jun 3, 1300Z-2200Z**, Little Rock, AR. United States Power Squadrons Amateur Radio Net, N5R. National Safe Boating Week from the Sub USS *Razorback* at the Arkansas Inland Maritime Museum. 28.367 21.367 14.267 7.267. Certificate. Donald R. Stark, N3HOW, 65 Stark Spur, Eighty Four, PA 15330-2547. [stark84@earthlink.net](mailto:stark84@earthlink.net) Don, N3HOW, and Margie, N3HOZ, are WACOM members and participate in this event every year. Please give them a call. See the full-page write-up attached.

## USPS Amateur Radio Operators join with the US Coast Guard Auxiliary for a Whale of an Event in Arkansas

Razorback is a nickname for the Finback Whale. The Finback is often called a Razorback because of its distinctive ridges between the dorsal fin and tail.

The *Razorback* is also the name of a submarine, the *USS Razorback* (SS-394), to be precise. It is the premier artifact on display at the Arkansas Inland Maritime Museum in North Little Rock, Arkansas.

The *Razorback* is a Balao class submarine of the Sandlance variant. Her keel was laid in September 1943, and she was commissioned on April 3<sup>rd</sup>, 1944. She was in Pacific action during World War II and was selected to be on site in Tokyo Bay at the signing of the terms of surrender, ending the war with Japan. She saw service during the Cold War. She participated in the "SWORDFISH" nuclear weapons test of 1962. She received five battle stars for her patrols during the Vietnam era. She was decommissioned in 1970 and was transferred to the Turkish Navy where it was recommissioned as the *Muratreis*. It continued to serve in the Turkish Navy as a front line submarine until she was decommissioned in 2001. In recognition of the fact that this ship served two countries today *Razorback* flies both the U.S. and Turkish flags.

The Razorback will be the site of the USPS Amateur Radio Net's special event station this year. The event is part of the National Safe Boating Committee's National Safe Boating Week campaign. Operators will include members of US Coast Guard Auxiliary Flotilla 15-08. Together they will emphasize the message "WEAR IT" to encourage boaters to wear their life jackets for boating safety. The station will be operating on 2 & 3 June with the special call sign N5R. The frequencies will be 7.267, 14.267, 21.367, and 28.367 MHz. Amateur radio operators working the event are encouraged to send for a commemorative certificate by sending a 9 by 12 SASE to P/Stf/C Donald Stark, JN, N3HOW at 65 Stark Spur, Eighty Four, PA 15330-2547.

Squadrons are encouraged to consider sponsoring a special event station in their own area during that weekend. USPS radio events have created quite a presence in the amateur radio community. Special thanks to Lt Ian Campbell, P, WA5OFT, for coordinating this event.

**WACOM will have a table at the Breezeshooters' Hamfest on Sunday, June 3<sup>rd</sup>. Feel free to come and help man the table for a while—bear in mind that this gets you a place to sit and rest your feet! We will be selling the main prize tickets for our own Hamfest on Nov. 4<sup>th</sup> as well as selling the Sarris candy bars as a fundraiser! We'll be glad to see you there!**

**If you want to put anything on the table to sell, with a small contribution to the club, please do so.**
